

20FT X 8FT USED SHIPPING CONTAINER –
FLAT-RACK

Quickfind Code: 341
Part Number: SALE FLAT RACK 20FT USED

£4,812.00 (exc. VAT)
£5,774.40 (inc. VAT)

PRODUCT DETAILS

This 20ft used flat rack container is available for sale and delivery UK-wide.

Available in 20ft and 40ft flat rack containers are ideal for large and heavy loads which cannot be loaded into a conventional container. There are no sides at all on a flat rack container and the ends can be either fixed or collapsible.

The benefit of the collapsible design is that empty containers can be stacked to take up less space.

The unit includes lashing rings in the side rails, floors and corner posts to allow the cargo to be secured and tied down. Units are available with and without forklift pockets.

FEATURES

- No side walls
- Lashing rings for securing load
- Plated for shipping and stacking when loaded (refer to plat for full details)

BENEFITS

- Ideal for large, heavy or unusual loads
- Popular for re-use as bridges and platforms
