PRODUCT DETAILS

This high-spec ECOLink drying room cabin is available for hire in London, Midlands, East Anglia, the South East and Humberside.

This drying room is stackable and linkable side-by-side with other ECOLink drying rooms to create great project changing, storage and drying space. The cabins can also be linked (or stacked) with [ECOLink meeting rooms](#), [ECOLink offices](#), [ECOLink canteens](#) and [ECOLink canteen/kitchens](#) to create mixed-use accommodation blocks.

The ECOLink drying room is ideal for use on larger sites with lots of personnel. The ECOLink range is a premium product with energy saving features including PIR sensors for the lights, timers on heating systems, uPVC double glazed windows.

With a flat sided exterior finish the units create a professional look and feel which is especially popular on flagship and high profile sites especially where there is close integration with the general public such as house building sites, city centres and large infrastructure projects.

Please refer to the downloadable drawing for further details.
