PRODUCT DETAILS

This flat pack office is available for hire throughout England.

This office arrives flat packed, is man-portable and is ideal for erecting in previously inaccessible locations. Its simple assembly (with a socket set) takes about 45 minutes.

Manufactured from fully galvanised steel (no rusting), this flat packed office has attractive smooth panelling, finished in a powder-coated moss green (RAL 6005) on the outside and an off-white (RAL 9002) powder coat on the inside.

The unit has a guttered roof and features two double glazed u-PVC windows fitted as standard. The interior of the insulated office is pleasantly light and airy with a durable and smart wall finish – suitable for surface-mounted electrics.

Once assembled the unit can be moved by crane / forklift or demounted back into its neat flat pack form for storage purposes. These units can be linked side to side or end to end to provide additional space at any time after initial assembly.
