PRODUCT DETAILS

This 4m flatpacked office cabin is available for sale and delivery throughout the UK.

It arrives flat packed, is person portable and is ideal for erecting in previously inaccessible locations. It's simple assembly (with a socket set) takes about 45 minutes.

Manufactured from fully galvanised steel (no rusting) our 4m office cabin has attractive smooth panelling, finished in a powder coated moss green (RAL 6005) on the outside and an off white (RAL 9002) powder coat on the inside.

The unit has a guttered roof and features two double glazed u-PVC windows fitted as standard. The interior of the insulated office cabin is pleasantly light and airy with a durable and smart wall finish – suitable for surface mounted electrics.

Once assembled the unit can be moved by crane / forklift or demounted back into it's neat flat-pack form for storage purposes. This cabin can be linked side to side or end to end to provide additional space at any time after initial assembly.
