

## END LINKING KIT FOR FLAT PACK STORES – GALVALUME

Quickfind Code: 469

Part Number: S-LK-EL-FPS-GALVLM

**£90.00** (exc. VAT)

**£108.00** (inc. VAT)

### PRODUCT DETAILS

An end linking kit in galvalume used for joining two same size galvalume flatpack containers end-on-end. Ideal for when you need to store longer items. It can be used for end linking of [2m galvalume flatpack stores](#), [3m galvalume flatpack stores](#), [4m galvalume flatpack stores](#), and [6m galvalume flatpack stores](#).

You can connect units of the same size endlessly in one direction using multiple linking kits.

Please note you cannot link both side-by-side and end-on-end at the same time.
