

PRODUCT DETAILS

This Double IBC Flat Pack Store safely holds two IBC containers side-by-side, whilst complying with site chemical safety storage regulations. Featuring no upstand lip and two fully opening doors to allow for easy forklifting of IBCs in and out, a sumped base for contained spillage and a suspended grated floor.

The T-lock door handle can be used with a combination padlock, enabling multiple users to access the unit without keys.

The Double IBC Flat Pack Store and [Single IBC Flat Pack Store](#) allow flexibility to have as many units as needed without consuming a lot of space, scaling alongside farm or site size.

FLAT PACK DOUBLE IBC STORE FEATURES:

- Galvanised steel grated floor above the sump
- No upstand lip at the front bottom of the door where your forklift could potentially damage during loading or unloading of the IBC container
- Ventilation for storage of chemicals
- Forklift pockets
- 1600 litre sump capacity
- RAL 1028, Melon Yellow
- 2 x IBC or 8 drums

TYPICAL USES:

- Industrial
- Agricultural use

Important Information: This flat packed IBC store is non-certified.

This flat pack double IBC Store is available for sale and delivery throughout the UK.
