PRODUCT DETAILS

This Flat Packed Bunded Storage is the latest addition to our exciting flat pack product range, designed specially for the safe storage of hazardous materials. Featuring double doors for easy access, a sumped base for contained spillage and a suspended grated floor.

Great for siting in locations with limited access, it is light enough to be man handled and the components are small enough to fit through small passageways. No need for cranes, forklifts or specialist tools. Just a socket set – and you’re away! Once erected, it can be lifted from its lifting eyes with a cargo on board!

FLAT PACK BUNDED CHEMICAL STORAGE FEATURES

- Fully galvanised body, with powder coated double-doors
- Less storage space when not in use
- Simple assembly
- Comes with a double locking system for additional security at no extra cost
- Sumped base with suspended floor, for containing any spillages
- The 3m chemical store has 950 litres of liquid volume capacity

Important Information: This flat packed chemstore is non-certified.
