PRODUCT DETAILS

This Flat Packed Bundled Storage is the latest addition to our exciting flat pack product range, designed specially for the safe storage of hazardous materials. Featuring double doors for easy access, a sumped base for contained spillage and a suspended grated floor.

Great for siting in locations with limited access, it is light enough to be man handled and the components are small enough to fit through small passageways. No need for cranes, forklifts or specialist tools. Just a socket set – and you're away! Once erected, it can be lifted from its lifting eyes with a cargo on board!

This 3m Flat Packed Chemical Storage Unit can be linked to another unit to form large open plan areas of storage space as required (side by side and end to end).
