£350.00 (exc. VAT)

£420.00 (inc. VAT)

PRODUCT DETAILS

Powder coated in RAL6005 the 4.3m cabin side-by-side linking kit is used for linking two **4.3m flat pack cabins** side by side. The linking kit allows a larger and wider accommodation space to be created. In addition to the linking kit please do not forget to add a second cabin to your online order.

Alternatively an **end-on-end linking kit** can be used to link 4.3m flatpack cabins end on end with any other **2.3m, 3.3m, 4.3m** flatpack cabins to create a longer and narrower space.

Please note that flat pack cabins can only be linked in one direction at a time (side-by-side or end-on-end).

FLATPACK OFFICE LINKING KIT BENEFITS

- Galvanised and Powder coated for long service
- Create larger spaces and maximise use on space on-site
- No need for expensive cranes, essential if you have restricted overhead access
- Quick and easy installation
