PRODUCT DETAILS

The 4m galvanised flat pack store linking kit is used for joining two **4m galvanised flat pack containers** side-by-side to create a larger and wider storage space.

Please note that its also possible to use the **galvanised end linking kit** for end-on-end linking (especially handy when you need to store longer items) but you cannot use both side-by-side and end-on-end linking kits at the same time.
