PRODUCT DETAILS

One of the major features of modular buildings is that as projects end or business needs change they can be removed and reused. Here at Portable Space we have the ability to refurbish pre-owned buildings and adapt to your needs.

Pre-owned buildings are often available at very short notice so are ideal for coping with disasters especially when you need some accommodation quickly or maybe just for a short period of time. They are also perfect for organisations, clubs and businesses who have limited budget to invest in brand new facilities.

Please contact our specialist modular buildings team with your specific requirements.

PRE-OWNED MODULAR BUILDING BENEFITS

- often available from stock and at short notice
- cheaper alternative to new modules
- ideal for projects when you know that you only need for a relatively short period of time
- buildings can be remodelled in any configuration allowed by the structure of the building

TYPICAL USES

- schools and colleges
- clubs and community buildings
- construction project accommodation
- disaster accommodation
- Factories and business for offices and canteen facilities

The price quoted is for a 3-bay open plan 32ft x 30ft pre-owned modular building and includes supply and delivery of the building. Final on-site installation and craning into position is not included. Larger sizes, customisation and options available at additional cost.
